

# ASIAN YOUTH VOICE

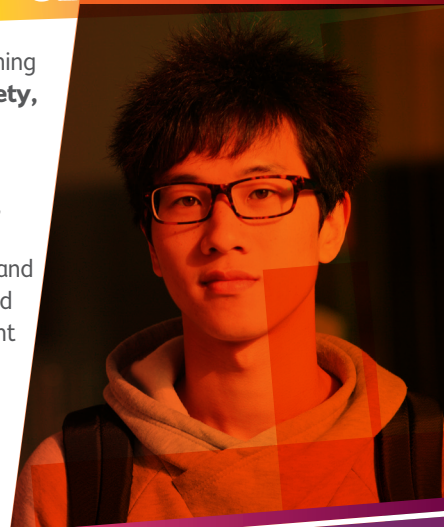

Come and tell us about your view of Croydon as a Young Asian person who is living, studying or working in Croydon. Get involved in our discussion, debate, and make something happen through campaigning and working with other young people.

Young people aged 11-18 (25 if you have disabilities/learning difficulties) can register to join this forum. Talk about **Safety, Health, Education, Politics**, and **ANYTHING** else that matters to you in Croydon.

Learn new skills such as **public speaking, campaigning, networking, variety of training and team work**. This group gives you chance to meet new people like yourself and **build networks**. As a forum member you could also stand for election to the **Croydon Youth Cabinet** and represent part of London's biggest Youth Population.
